A NATIONAL THANKSGIVING. the President of the United States o

The year that is drawing towards its close, has licen filled with the blessings of fruitful fields and healthful akies. To these bounties, ome, others have been added, which are of so traordinary a nature that they cannot fall to netrate and soften even the heart which is bitually insensible to the ever-watchful provi

lence of Almighty God.

In the midst of a civil war of nneque, ed magnitude and severity which has son oke their aggression, peace has been preserved with all nations; order has been preserved with all nations; order has been maintained; the laws have been respected and oboyed, and harmony has prevailed everywhere, except in the theatre of military conflict; while that the atre has been greatly contracted by the advanc-ing armies and navice of the Union.

Needful diversions of wealth and of strength from the fields of peaceful industry to the national defence, have not arrested the plough, the shuttle or the ship; the axe has enlarged the borders of our settlements, and the mines, as well of ron and coal as of the precions metals, have yielded even more abundantly than heretofore. Population has steadily increased, notwithstanding the waste that has been made in the camp, the slege, and the bat-tie-field; and the country, rejoicing in the con-sciousness of augmented strength and vigor,

No numan counsel hath devised nor hath any mortal hand worked out three great things. They are the gracious gifts of the Most High God, who, while dealing with us in anger for our sins, hath nevertheless remembered mercy.

And I recommend to them that, while offer

perversences and disobedience commend to His tender care all those who have become widows, orphans, mourners, or sufferers in the lamentable civil strife in which we are unavoidably engaged, and fervently implore the interposition of the Almighty Hand to heal the wounds of the nation, and to restore it as soon as may be consistent with the Divine purposes to the full enjoyment of peace, harmony, tranquility and Union.

In testimony whereof, I have hereunto set my hand and caused the seal of the United States to be affixed.
